Juris Doctorate **2002**
Bachelors of Science - Business Administration (cum laude) **1999**

SPECIALIZED TRAINING

University of Wisconsin - Madison

Professional Certificate in Online Education: Instructional Design **2014**

EIA Campus: Environmental Impact Training, EIA Process (NEPA)

Training regarding NEPA, CEQ Regulations, and Agency Regulations; Impact study planning and scheduling, integrating a public scoping program with an agency scoping process, methodologies for environmental impact assessment, and identification and evaluation of alternatives. **2014**

WORK EXPERIENCE

University of Kentucky, Lexington, Kentucky

Instructor

2013 - present

Course: Historic Preservation Law.

Developed and teach a hybrid distance learning course using prerecorded video content, web-accessible course materials, and weekly live online discussions. The course addresses the history and evolution of historic preservation law, its application, and limitations. Topics covered include the federal, state, and local laws impacting the protection of historic structures, landscapes, and archaeological resources; private restrictions on land use; constitutional takings; religious land use; sacred sites protection; environmental justice; repatriation; and international conventions on the protection of heritage resources.

Course: Rethinking Preservation: Ethics and Policy.

2016 - present

Co-developing course addressing challenges arising in the preservation context by exploring how ethics, culture, identity, and religion have shaped the public debate, policy making, and policy execution surrounding heritage resources. It will provide an overview of how issues such as race, gender, and income play a part in various preservation efforts. Topics covered include bias in determining significance; lack of inclusion/consultation of impacted communities in decision-making; gentrification and economic hardship; distributional disparities and environmental justice; climate change impacts on heritage; and cultural appropriation and misunderstanding.

Cornell University, Ithaca, New York

Visiting Lecturer **2011**

Course: Preservation Planning and Urban Change.

Course examining fundamental planning concepts and issues as they relate to historic preservation, neighborhood revitalization, federal housing programs, the role of public and private institutions, displacement, and other social issues using a selection of planning and preservation literature and the Shared Inquiry method.

Visiting Lecturer **2010**

Course: Historic Preservation Law and Policy.

Graduate level survey course addressing the law and policy impacting the built and natural environment at the federal, state, and local levels. Specific attention given to compliance with NHPA and NEPA processes and their state equivalents, issues impacting minority and Native communities. Additional duties included creation of a course website, weekly graphic presentations, and course review materials and organization of Washington,DC field trip to meet with federal and nonprofit preservation and planning agencies.

Graduate Teaching Assistant **2007 - 2009**

Courses: The American City, Urban History, and Museums and the Public.

Led multiple discussion sections, maintained course database, website, and student satisfaction survey page, graded papers, assisted with lectures and graphic presentations and exam preparation, and met with students and faculty. Facilitated community outreach and comprehensive planning for local nature center.

University of Florida, Gainesville, Florida

Graduate Teaching Assistant, Preservation Institute: Nantucket **2006**

Taught the documentation of historic structures through the creation of measured drawings, documentary photography, and historic structures reports. Additional duties included program management and organizing lecture series.

Graduate Research Assistant **2004 - 2006**

Research related to a State of Florida Social Impact of Historic Preservation Report, UNESCO World Heritage sites, environmental heritage management, housing trust funds, and affordable housing. Additional duties included drafting chapter of State report, maintaining research databases, and assisting with the organization of a departmental lecture series.

Miles & Stockbridge, PC, Baltimore, Maryland

Associate **2002 - 2003**

Concentrated experience in the litigation of environmental law and land use, insurance coverage, toxic mold, and products liability actions. Litigation duties included obtaining depositions and preparation of pleadings, motions, briefs, and supporting memoranda. Non-litigation experience included extensive legal research, review of Phase II Environmental Assessment reports, drafting of easements, preparation and management of graphic arts presentations, intern mentoring, and firm marketing.
